

2015 Christmas Wish List

Each night, the Ronald McDonald House in Seattle gives 80 families a home-away-from-home when their child must receive treatment at Children's Hospital. Families stay an average of 61 nights. During their stay here, parents are overwhelmed by spending days and nights at the hospital caring for their child, while maintaining everyday essentials for themselves and their children. **By purchasing any of the following items, you will help them get through each day at the House a little better. Thank you for your generous support!** Exact matches for requested items on our list can be found at: <http://amzn.to/1xpST2>
