

How to Store Leftovers

1. Cool

Spread out in thin layer in pan and place pan on ice. Stir often to dissipate the heat.

Cool to 70°
or less before
packing
leftovers

2. Label

Ziploc bags: House A or House C

Tupperware containers: House C only

Use permanent marker and masking tape to mark each bag or container with the date, contents, and the word "House."

3. Portion

Portion all leftovers, including lettuce, into family-size servings.

* Desserts:

Leftover desserts with multiple servings may be left intact and covered with plastic wrap.
